**Jien idealist –
nemmen f'dinja bla passaporti
bla fruntieri bla kulur.**

**Jien prattiku –
nemmen fil-lum fil-mewt fil-ħidma
fit-toqol tal-ftehim.**

Jien romantiku –
nemmen fil-ġustizzja
fl-imħabba fis-sbuħija.

Jien realist –
nemmen fi ċkuniti
fl-iżball fl-iżolament.

A man in a white t-shirt and dark pants is walking away from the camera down a narrow, paved alleyway. The alley is flanked by brick buildings on the left and a corrugated metal wall on the right. The ground is dark and has some manhole covers. In the distance, the alley opens up towards a brighter area with more buildings and a street lamp.

Jien ribell/kompromessist —
nibni u nfarrak,
nemmen u ničħad,
nobgħod u nħobb.

Jien hafna nies
u jien bniedem wiehed.

A silhouette of a person standing on a dark, rocky cliff edge, facing away from the camera with their arms outstretched horizontally. They are looking out over a vast, blue ocean under a clear blue sky. The sun is visible as a bright, glowing orb in the upper left, and its reflection creates a shimmering path of light across the water's surface. The overall mood is one of freedom, contemplation, and connection with nature.

Jien ... min jien?
